

The Centers Named One of Northeast Ohio's 2025 Top Workplaces by cleveland.com and The Plain Dealer

CLEVELAND, OH — Monday, June 30, 2025 — The Centers is proud to be recognized as a 2025 *Top Workplace* in Northeast Ohio by cleveland.com and *The Plain Dealer*. This recognition is especially meaningful because it is based entirely on feedback from our own team members, collected through a confidential, third-party survey conducted by Energage LLC.

The survey measured key elements of an engaged and supportive workplace culture—such as feeling respected, empowered to grow, and equipped to make a difference. The Centers is honored to be named among organizations that truly center their people in the pursuit of purpose.

“This recognition reflects who we are—mission-driven innovators with a passion and determination to bring the right solutions to the community’s toughest challenges,” said Eric Morse, President & CEO of The Centers. “We are proud to be a workplace where people feel seen, heard, and inspired to do their life’s best work.”

About The Centers

At The Centers, we fight for equity by healing, teaching, and inspiring individuals and families to reach their full potential. We deliver integrated, person-centered care through four core service areas:

- **Integrated Health & Wellness** – Providing comprehensive primary care, mental health services, substance use treatment, psychiatry, and pharmacy—ensuring whole-person support.
- **Early Learning & Family Support** – Partnering with families during the first 2,000 days of a child’s life, laying the foundation for lifelong health and development.
- **Workforce Development** – Offering career pathways, skills training, and employment support to help individuals access sustainable, meaningful work.
- **Residential Youth Programs** – Delivering trauma-informed care and emergency housing through residential services, including The Centers’ H.O.P.E. Campus—a bold response to the child placement crisis, rooted in safety, healing, and connection.

Serving more than 20,000 individuals annually across 11 locations, The Centers is proud to be a trusted community anchor—and a national model—for what equitable, innovative care can look like.
